Putnam, Oct. 30 .- By an oversight on the part of the assessors the newly made city of Putnam has been plunged into debt the first year of its existence. The assessors falled to file their report of valuation before October 10 and an article in the city charter makes that the last date upon which such report may be filed. PUTNAM'S SENSATION. Putnam, Oct. 30.-William Reed, mule spinner of Grosvenordale, created a sensation on Main street last night by shouting at the top of his voice: "He can't put me in the lockup for a pint of whiskey." This strange utterance caused several citizens to question Reed, and his answer, if true, furnishes proof that the taxpayers are being annually mulcted by town officers. According to Reed's story, the constables buy drinks for tramps and others, cause their arrest, see that they are sent to jail for thirty or sixty days and collect the fees. Reed says that as soon as the tramps strike town they are arrested and sent to fall for no offense, and that this is done by the officers for the purpose of reaping the fees. This is taken by many citizens as a good explanation of the overcrowded condition of the Brooklyn jail during the winter months. There is some talk of inaugurating an investigation.

Although there has been but little, if any, investigating as there seemed to be no need of it.
